

Drill-driver

YT-82060

An universal 300 W drill-driver recommended for drilling in plasterboard, wood and metal, as well as for screwing and unscrewing screws and bolts. The cord connected to mains provide a constant power during the work.

300 W	40 Nm	230V~ 50Hz
0-400 min ⁻¹ 0-1450 min ⁻¹		4 m 
13 mm 		

- gearbox with bearings is made from steel with 53-56 HRC hardness
- max. torque: 40 Nm
- two gears: 0-400, 0-1450 rpm
- 23 settings of clutch and drilling mode
- 13 mm self-tightening drill chuck, made of metal
- spindle brake facilitating drill bit replacement
- right/left direction of rotation
- comfortable work with long, rubber cable (4 m)
- rubberised and comfortable grip
- stiff housing and deliberate arrangement of air inlets allow to press the device during the work
