

Workshop lamp

YT-08562

Irreplaceable during operations requiring illumination of the working area in the workshop, on the construction site, in the backyard garage and garden. It has 2 light sources: the main source located at the front and a torch.

- 3 light modes: main light 100%, main light 50% and front light – torch
- main light: 5 W COB, 500 + 250 lm, 80 CRI, working time: 2.5-5 h
- torch: 1 W SMD, 120 lm, 80 CRI, working time: 7 h
- light color: 6500 K
- protection degree: IP54
- tightness class: IK07
- working temperature: from -10°C to 40°C
- housing made of ABS plastic with movable body in the range of 120° and rotating in the range of 180°
- shade made of impact-resistant polycarbonate
- Li-Ion battery with capacity of 3.7 V 2600 mAh
- charging time: 4 hours (with a micro USB charger)
- 3-step battery charge indicator
- 360° nylon hook hidden in a casing for handing the lamp
- magnet in the base
- dimensions: 265 x 40 x 40 mm
- weight: 338 g
- the set includes a charger and a micro USB cable with a length of 1.5 m
