

## ***Jig for drilling straight holes***

**YT-39700**

*Practical device for fast and precise drilling at right angles.*

- made of durable plastic (ABS)
- 5 holes equipped with carbon steel guides for drills of 4, 5, 6, 8, 10 and 12 mm diameter
- a V-shaped groove in the base that makes it easier to drill pipes and corners
- side lines enable more accurate positioning of the holes
- non-slip piping ensures a firm grip and limits the movement of the material to be drilled

**ABS**
