

Magnetic Pick-Up Tool, 650 mm, Capacity up to 3 kg (Art. 3188)

- magnetic end diameter: 15 mm
(with rubber coating 18 mm)
- the removable coating prevents from having a sideward magnetic effect so that only those parts you want to pick up are magnetically attracted
- max. length approx. 650 mm
- rubber handle with clip-holder

Technical modifications reserved - we are not responsible for issues while printing
