

## Tile cutter

YT-37022

Professional device with laser for precise ceramic tiles cutting and breaking. It is composed of stable base, steel guide and side supports. It is intended for artisans and demanding tinkerers.

- base made of pressure aluminium alloy with two foldable side supports useful during cutting large tiles
- stable steel guide
- work surface covered with anti-slip micro-rubber that protects tiles from damage
- laser indicator facilitates precise determination of cutting line
- additional metal bevel square for the cutting angle of 0-45°
- cutting disc of 22 mm diameter installed on grooved pin
- max. cutting length: 800 mm
- max. cutting depth: 12 mm
- tile cutting diagonally: 597 mm
- breaking lever with comfortable rubber handle
