

Spray mop

67160

Spray mop with a microfibre cover for dry and wet cleaning. Thanks to a capacious container placed above the mop, it allows the dispensing of washing liquid during operation – just press the button located in the handle.

- easy „click” mounting
- total length: 118 cm
- reusable microfibre cover with Velcro fastener
- movable head (right/left, top/bottom) provides a large range of movement
- practical liquid bottle with a capacity of 350 ml with the possibility of adding fragrance oil
- wide mist sprayed with the push of a button
- soft sponge for the palm of your hand
- included: tube with bottle holder, tube with a handle and a sponge, working base, 2 microfibre covers, liquid bottle
