

HEX wood drill bits

4-cutter drill bits, which thanks to the special design of the spiral guarantee even and smooth edges of holes and facilitate perpendicular drilling.

 WOOD	 1/4" 6.3 mm	 HRC 40-45
--	--	---

- 4 cutting edges ensure fast and efficient drilling without chipping the edges of holes
- the geometry of spiral significantly speeds up drilling
- suitable for even the hardest wood species
- made of hardened carbon steel (HRC 40-45)
- HEX hexagonal handle enables fastening to cordless screwdrivers, screwdrivers and impact wrenches
- length: 165 mm

Set of HEX wood drill bits

YT-44693

The set includes 5 multi-purpose drill bits, extension with 2 HEX holders and an allen key.

 7 PCS	 WOOD	 1/4" 6.3 mm	 HRC 40-45
--	--	--	---

- 5 drill bits with diameters 16, 18, 20, 22, 25 mm and hardness HRC 40-45
- 300 mm extension with HEX handles at both ends – standard external handle and additional handle inside – they ensure durable clamping of drill bits, without the risk of loosening during operation
- monolithic extension, without joints weakening its construction
