

Truck Tire Assembly / Disassembly Lever (Art. 9095)

**PRO+**

- allows fast and easy truck tire demounting
- offers a good alternative to expensive machines
- suitable for demounting nearly any 20", 22.5" and 24.5" tube and tubeless type truck tires, up to a 13" (330 mm) wide wheel
- ergonomic shaped steel handle with no-slip grip, for optimum leverage while reducing back strain
- suitable for demounting of the tire without lifting the entire wheel
- aluminum bead support for grabbing the top bead of Super Single and Super Wide tires
- 2 heavy-duty nylon castors

Technical modifications reserved - we are not responsible for issues while printing
