

Rotary brush

67163

Practical rotary brush for cleaning panels, tiles and other hard surfaces. A perfect alternative to the classic brush and dustpan or vacuum cleaner. The rotating movement of the brushes ensures that all impurities go directly to the dust container.

- total length: 104 cm
- dimensions of the working base: 31,5 x 20 cm
- housing made of ABS plastic resistant to mechanical damage
- movable head (up/down) provides a large range of motion
- brush guide wheel
- quiet work
- included: 3-piece tube, handle, working base with 2 side brushes and 1 main brush and integrated dust container
