

Universal Oil Funnel (Art. 9391)

- facilitates the oil filling process
- it is not necessary to hold the funnel by hand when re-filling oil
- thanks to automatically adjustable clamping mechanism, it can be used in many different ways
- clamping range: Ø28 to Ø74 mm
- clamping mechanism can also be used for conventional funnels
- transparent funnel chamber indicates the oil flow
- suitable for e.g. following vehicle manufacturers:
- BMW, Mercedes, Ford, VW, Audi, Seat, Skoda, Renault, Peugeot, Citroen, Fiat, Mazda, Honda, Mitsubishi and many others
